

Save time and trees with our online statements

Do something nice for yourself and Mother Earth. Streamline bill paying by signing up for auto bank draft or by paying your bill online. It's a small change that can yield big benefits.

By switching to paperless bills, the average household can save 6.6 pounds of paper every year. If 20 percent of all U.S. households made the switch, the collective impact would save more than 1.8 million trees. Of course, more gets saved besides trees when you manage bills online. You also save time by eliminating the clutter of paper statements and the need to write and mail checks.

Sign up for Paperless Billing & Bank Draft and get \$2 off your bill each month! It only takes a minute to get started, but it reaps lasting rewards!
