Lifeline Link-Up

One in every 14 homes in Illinois (including one in every five low-income households) doesn't have a telephone, but you can change that. If you designate a small amount each month, you can help a low-income person or family become connected by telephone.

Your small monthly contribution through the nonprofit Universal Telephone Assistance Corporation can connect a young family, a senior citizen, a person with disabilities, or other low-income individuals to emergency help, to employers, to schools and to relatives.

It's easy to contribute. Simply fill out the form below and indicate the amount you would like to give. Your contribution will be supplemented by federal funds to help provide phone service for individuals and families who otherwise could not afford them.

Please Help!

Please indicate the amount you would like to donate each month to help someone obtain local telephone service in Illinois.

YES, I want to help! Please bill me monthly for contributions to the Universal Telephone Service Assistance Program in the amount shown below. I understand that I may change or discontinue my donation by giving 30 days advance notice.
