Feb 12	Tues	Minnesota	8 p.m.
Feb 16	Sat	Penn State	6 p.m.
Feb 20	Wed	Wisconsin	8 p.m.

**CPNI passwords are effective  
January 1, 2008**

Starting January 2008 new procedures were implemented in accordance with the FCC to protect your information. Each customer of Wabash Telephone was issued and mailed a letter containing a password. You must provide this password to receive information concerning your account such as: specific services you purchase, the number of services purchased, who your provider is for a service, call detail records, and charges related to the services purchased.

If you happen to lose or forget your password, WTCI will ask your secret question. Your secret question answer will allow your password to be released to you.

Everyone is encouraged to return the form mailed with the CPNI letter. On this form you can list additional names of anyone you may want authorized to change your account. You can also request your own choice of password. All passwords must have a minimum of 5 characters and 1 numeric. A password example could be AAA1234 or ABAB123.

If you have any questions our Customer Service Dept. is here to help you and make this transition comfortable.

*Pictured is Marsha Pickens of Sailor Springs, winner of the ITA basket.*

**Telephone  
feature spotlight**

**Anonymous Call Rejection - \$1.25 per month**

Allows a called party to reject calls from parties that have activated the Call Block (\*67) feature; preventing the display of the calling party's name and/or number on Caller ID devices. The calls are routed to a message that instructs the caller to hang up, remove the privacy and call again.
