It's 2012 why do you still have the same Internet speed you had in 2007?

Times change and so do Internet speeds. Aren't you about due for a faster connection? After all, you're probably using the Internet a whole lot more now than you did in years past. Plus today's online applications simply require more speed.

Wabash makes it easy to pick up the pace. If you don't have WIN High Speed Internet, now's the time to sign up and take advantage of these money-saving specials:

- Ring in 2012 with Internet installation for the discounted price of just \$20.12.
- Get your first two months of SecureIT Plus, Online Backup, and Password Genie services FREE.

These specials apply from January 3 through February 14, 2012.

**Service availability and Internet speed will depend on location. All prices subject to change. Contact us for complete details.*

[Apply for all 3](#)
Need \$1,000 for college?

Check out one of our websites for details: www.wabashtelephone.coop or www.wabash.net

Also apply for the FRS scholarship worth \$2,500. Rules and applications available at www.FRS.org

Information is also available at your High School Guidance Office.

Quarterly Federal Universal Changed from 15.3% to 17.9 % effective 1/1/2012.

Fun Phone Fact

• In 1910 the train fare from New York to Philadelphia was \$4.50. A phone call between the same two cities was 80 cents.

Service Anniversaries

Lisa Haycock, WIN.....7 years
 Kristy Weidner, WIN7 years

Ryan Camden from Flora won the laptop give-a-way from WIN.

This is an amazing deal!

SHOWTIME Showtime Special January 9th through February 19th, New Showtime subscribers get it for only **\$8.95 per month for the first 12 months.**

You now have computer repair service at home and from someone you have grown to trust
